

PERMISSION TO RELEASE INFORMATION

Student Information

The granting agencies of the Bioengineering and Bioinformatics Summer Institute (BBSI), namely, the National Science Foundation (NSF) and the National Institutes of Health (NIH) requires all grantee institutions to submit annual program reports and a more comprehensive final report.

This report requests student data, and includes the name and social security number, date of birth, ethnicity, and gender of each participating student. This information is of vital importance in tracking the development of future scientists, science teachers, health sciences workers, and others. We request your permission to obtain this information about you and to pass it along to the NIH-NSF as necessary. By signing below, you agree that the BBSI at the University of Pittsburgh may release this information to NIH-NSF.

The BBSI recognizes that this information is personal, and intends to use this information only in assessment of grants programs. You are under no obligation to provide this information; if you wish to withhold any of the information, please leave those lines blank. We thank you for your cooperation.

Name of Student: _____
Please PRINT

Signature: _____

Date: _____

Social Security Number: _____

Date of Birth: _____

Ethnicity: _____

Gender: _____
